

Lorcan's Holiday

After a very long car ride, we even slept in the car, we arrived in Calais and Susanne and I are sitting waiting for the ferry.

When we came to Farnborough it was time for a beer, not for me of cause I only drink water.

In Farnborough we stayed in Colebrook Guest House and I in Maja's bed.

Next day the time in the car was not so long, but it was nice. I lay in the back seat and slept with Maja.

We visited my breeders, Ann and Bruce, and I showed a little what I have learned.

Then we came to Trewollack Farm and met Bill and Brenda. We stayed there for three nights and the visit was lovely. I love them both but may be Brenda a bit more, she gave me a big Jumbone every day.

In Cardiff I met a nice bitch and we “talked” for a while

... and I
admired the view.

When we woke up the next day there was a handsome
guy in the garden. I would have liked to be friend with
him but we had to continue our journey.

This day we stopped at a place called Ardmore. Here we sat and “the humans” had their lunch, before we went for a walk.

Then Maja and Susanne took a swim. I was not allowed on the beach so Henric took this picture of me while we waited.

The next night I had my own sofa to sleep in.

Next day was a really good one, not so much time in the car! And a really long walk. First we went by car to Lady's view.

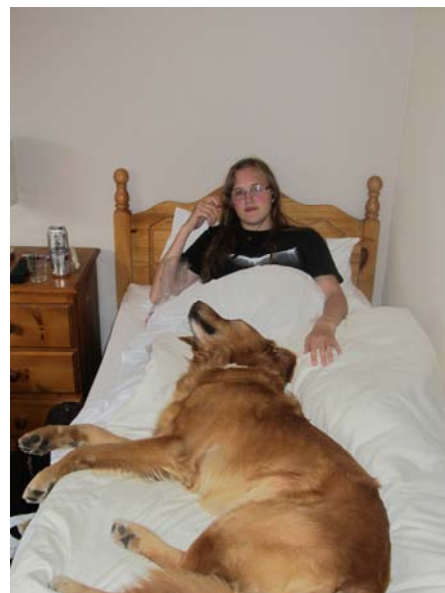

Then it was time for the WALK!

We also saw really big trees.

This evening I was tired.

Even the next morning it was nice to lie in bed together with Susanne and Henric.

This day was a mixture of going by car and getting out and in the car. They called it sightseeing. It was a lot of mist but the best thing of the day was meeting a few children and a bath.

Next day was a boring one a lot of just being in the car, but in the evening I got a walk and had the possibility to jump some fences ...

... and meet some horses.

The last day of the Irish countryside we spent partly on a boat. It was the first time I tried that and it was lovely.

There was a five year old girl, who liked me a lot. She sat with me the whole boat trip, 1,5 hours. She even put a “Viking helmet” on my head.

I was very popular with the children on that boat. This girl I gave a kiss!

After the boat trip the humans had lunch and Maja and I went for a swim.

In the evening while Henric slept I got a walk and this time we found other fences, I LIKED THEM!

I also managed to get a really god RUN.

On the way to Dublin we stopped and had a walk at Newgrange.

Dublin was special, I was really a hit, as usual. Many people wanted to pet me. The parks were nice and I slept on the pavement when the humans ate dinner.

I got my own bucket of water with ICE!

On sightseeing buses, the best to do is relax!

Me in Phoenix park.

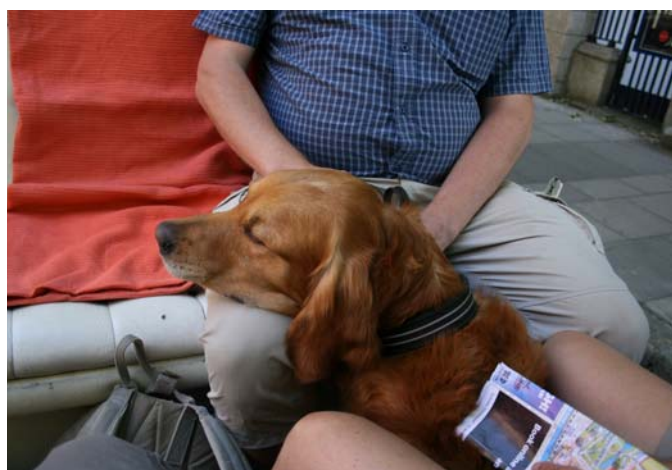

We met a nice little girl near the playground.

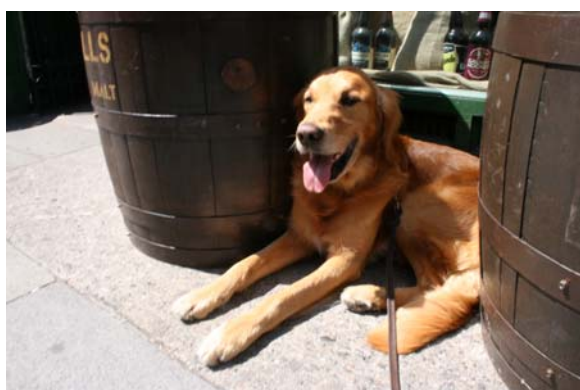

If I hadn't been on leach I had fetched that!

I was
always
in the
center!

When we took a ride with a horse-drawn
carriage I put my head in Henric's lap!

Maja and I had to wait
outside a whisky store

James Joyce and Me!

I was really tired after hard days in Dublin!

After a whole day in the car travelling from Dublin we stayed at a pub outside Luton and then it was the last day of the holiday. It was a very good day. We visited Penny! Unfortunately she had a bad tooth, but I made a profit out of that, I ATE HER BREAKFAST! It was really good and Ray said it was OK.

This was my holiday in England and Ireland.
